Art Center. Ersha Island MAN LAP FONG | FEI Architects. Architecture. Designed by FEI Architects, Featuring a huge expanse of greenery surrounded by high-end residential development, museum and concert hall, the Ersha Island is actually the central park of Guangzhou. Haworth Tompkins have completed a new Performing Arts Centre for The Perse School in Cambridge. Peter Hall, naturally ventilated throughout, includes a 400 seat auditorium, an adaptable foyer space, and full back of house facilities. The Perse

Arguing as to whether architecture is, or is not, art is an old debate that can’t be resolved, but a new academic project aims to research the positions and interests at stake in the question as they realign around developments in the visual arts such as the pavilion phenomenon. The Australian Research Council-funded research project, titled “Is Architecture Art?”
Creative and Design Center (TCDC) is a government agency with a mission to inspire creative thinking in the society and to propel the country’s creative economy. It provides a broad range of resources and services. The main components are ... Designed by MVRDV, the Imprint is a new 2-building art and entertainment complex constructed near the Seoul's Incheon Airport. With a nightclub in one and an indoor theme park in the other building, these buildings have created quite the buzz.
