I believe that words have an important function in societal relations, they have a symbolic value. When you call someone a Turk, then you emphasize that he is not a Dutchman. The social psychology of intergroup relations: Can research inform practice. Journal of Social Issues, 53, 197-211. Brewer, M. B., & Brown, R. (1998). Intergroup relations.
A Canadian social psychology of ethnic relations. Agincourt: Methuen. Gardner, R. C. (1985). Social psychology and second language learning: The role of attitudes and motivation. London: Edward Arnold Publishers. Gardner, R. C. (2001). Attitudinal and cognitive aspects of intensive study of a second language. Journal of Abnormal and Social Psychology, 66, 358-368. 1964 Tajfel, H., Sheikh, A., & Gardner, R. C. (1964). Content of stereotypes and the inference of similarity between members of stereotyped groups. While discourses and policies oriented to social inclusion are not as prominent in Canada as in Europe and several other contexts, these conditions and the strategies adopted by governments to address them are consistent with narrowly-framed inclusion policies. We provide an overview of what these conditions represent and how they have come to be framed in the context of the Idle No More movement. A Canadian Social Psychology of Ethnic Relations. Article. Oct 1983. Can J Sociol. Leo Driedger. Robert G. Gardner. Rudolph Kalin. Nationalism, Patriotism, and Group Loyalty: A Social Psychological Perspective. DANIELDRUCKMAN National Research Council The purpose of this essay is to introducethe reader to a social psychological perspective on the roots of nationalism. At its heart is the description of how individuals develop feelings about and attachment to groups—in how they build loyalty to groups. The review explores how such loyalty can lead to hostile reactions to other groups, can become translated into stereotypes that are shared by individuals, can shape the collective behavior of groups, and can help differentiate the multi-
