Russia’s return to the Middle East | building sandcastles? prices; its sale of air-defence systems to Turkey (allegedly to protect Erdogan’s private residences); and burgeoning nuclear energy and arms sales in the region. To achieve its aims, it has established close diplomatic ties and (on the surface at least) friendly relations with Israel and Iran, Saudi Arabia and Qatar, Turkey and the Kurds, Egypt and Algeria. This flurry of Russian activity gives rise to a series of questions. On the political front, the Middle East and North Africa appeared quiet in the early years of the Cold War. The first Soviet legations opened in Arab countries towards the end of World War II; however by 1950 the local institutional landscape did not appear ripe for revolution. Does war make states? Rentierism and the formation of states in the Middle East. European Political Science Review, Vol. 3, Issue 03, p. 419. Second, it is to compensate for the current literature on liberalization in the Middle East, which does not sufficiently take war making into account as a contributing variable to the process of liberalization, probably because war making is not a conventional variable in theories of political economy.
