The People's Choice, from Washington to Harding: A Study in Democracy

Warren G. Harding was elected the 29th U.S. president on 2 Apr 2014. He carried the deeply Democratic South. https://www.biography.com/people/warren-g-harding-9328336
A shocking tale loses force if told too often, which explains why I have closed with the death of Harding. The two Presidents who succeeded him merely proved, with growing unpleasantness, the need for a new order in American political life.
